

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner explained that the wording of the claims as submitted seemed to imply something other than the subject matter supported by the specification. Examiner suggested a simple modification that would correct this issue. Applicant agreed; the changes are included in the enclosed Examiner's Amendment. Examiner also pointed out the typographical error in the TFCI acronym as well as the dependency issue in claim 19; Applicant agreed to have these changes made via Examiner's Amendment.
